To the Members
CF Global Trading, LLC
Stamford, Connecticut

We have audited the accompanying consolidated statement of financial condition of CF Global Trading, LLC and subsidiaries (the "Company") as of December 31, 2003 that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. Notes to Consolidated Statement of Financial Condition December 31, 2003

NOTE A - NATURE OF BUSINESS

CF Global Trading, LLC (the "Parent"), a Delaware limited liability company, was organized on April 18, 2000. The Parent is a registered broker-dealer and a member of the National Association of Securities Dealers. The Parent was organized for the principal purpose of engaging in international securities brokerage business and acts as an introducing broker for institutional customers. It clears all transactions through other broker-dealers on a fully disclosed basis. The Parent shall continue until December 18, 2018 and thereafter from year to year unless dissolved before such date, as allowed for in the Limited Liability Company Agreement (the "Agreement").

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Principles of consolidation:

The financial statements of CF Global Trading, LLC and subsidiaries (collectively the "Company") include the accounts of CF Global Trading, LLC and its wholly owned subsidiaries CF Global (HK) Limited, incorporated in Hong Kong and CF Global (UK) Limited, incorporated in London. All material intercompany transactions and balances have been eliminated in consolidation.

[2] Cash and cash equivalents:

The Company considers money market funds and all investment instruments purchased with a maturity of three months or less to be cash equivalents.

[3] Translation of foreign currencies:

Assets and liabilities denominated in foreign currencies are translated at year-end exchange rates, while income statement accounts are translated at average exchange rates for the year. Gains or losses resulting from foreign currency transactions are included in net income.

[4] Furniture, equipment and leasehold improvements:

Depreciation is provided using the straight-line method over the estimated useful lives of the assets of five years. Leasehold improvements are amortized over the lesser of the economic useful life of the improvement or term of the lease, whichever is shorter.

[5] Income taxes:

The Parent is a limited liability company and is not subject to taxation; however, the members are required to report their share of the Company's income and loss items on their individual tax returns. Foreign taxes payable at December 31, 2003 are not significant.

[6] Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Notes to Consolidated Statement of Financial Condition December 31, 2003

NOTE C - MEMBERS' CAPITAL

Members' capital consists of common interests and preferred interests.

The preferred interest members are entitled to a cumulative preferred return equal to 8%, annually, of their aggregate cash capital contributions. At December 31, 2003, the unpaid cumulative preferred return was \$0. The preferred interests are redeemable at the discretion of the managing member until July 14, 2004, at a price equal to the aggregate capital contributions of the preferred interest members plus any accrued but unpaid preference allocations. Upon redemption of the preferred interests, such members will have the option to acquire a common interest as set forth in the Agreement.

The net income for the year, after giving effect to the preferred allocation to preferred interest members, is allocated among the common interest members based on their participating percentages as defined in the Agreement. During 2003, two common interest members withdrew from the Company. The Company purchased such interests at a premium over book value resulting in goodwill of \$81,000, which is included in other assets in the statement of financial condition.

NOTE D - NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission uniform net capital rule (rule 15c3-1), which requires that aggregate indebtedness, as defined, shall not exceed 15 times net capital, as defined.
